PROYECTOS PERSONALES

Movie Found (04/2021 - 05/2021)

- It is an application created with a movie API, which allows you to search and add said movie to a list of favorites, use React + Redux for its functionality.
- <https://github.com/Atotaro98/ApiPeliculas>

Weather API (03/2021 - 03/2021)

- Like Movie Found, within this page you can search for a city to find out its current weather.
- <https://github.com/Atotaro98/ApiClima>
